Four Core

Requirements

JJDP Act and Core Requirements

Advisory Group (AJJC) Sets forth core requirements

Education

Reporting

Evaluation

Establish requirements for the State

Technical Assistance

- For communities and iuvenile justice stakeholders regarding grants
- For communities and juvenile justice stakeholders regarding compliance
- Information to Commission on current juvenile justice issues

Required in the following areas:

- Subgrantee programs (to Governor's Division for Children (GDFC)
- Community compliance (to GDFC)
- Grant progress (to the Office of Juvenile Justice and Delinguency Prevention (OJJDP)
- State compliance status (to OJJDP)

Continuous evaluation is necessary to demonstrate progress and effectiveness

- programs to prevent juvenile
- toward lowering violations of

These requirements are at the heart of all other activities. Without a finding of compliance, the State is not eligible for fundina.

- Deinstitutionalization of Status Offenders (DSO)
- Sight and Sound Separation
- Jail Removal
- Disproportionate Minority Confinement (DMC)

Three-Year Plan (JJDP Act requirement) provides direction for all Commission activities

- Compliance
- JJ System Analysis
- **Funding Priorities**
- Technical Assistance

- Demonstrate effective delinquency
- Evaluate progress made the core requirements

Title II, V, and Challenge

- Funds programs that address compliance with core requirements
- Once compliance is achieved, can be used to maintain status, and also expand to other delinquency prevention programs

Required for both grant programs and compliance

Grant site visits encompass both programmatic and financial areas

Site Visits

Compliance will provide technical assistance on core requirements, promote juvenile justice grant awareness, and gather community information regarding juvenile justice issues
